**Summary of reasons
for classification:**

The computer image file entitled *Photo lsg-13-085* is classified as:
Objectionable.

The publication is objectionable because it promotes and supports the exploitation of children for sexual purposes.

The file contains a sexual image of a girl. The purpose of the image is to arouse people with a sexual interest in children. The image encourages this sexual interest and legitimises the idea that it is appropriate and acceptable for adults to become sexually aroused by children.

The classification of this publication interferes with the freedom of expression as set out in the New Zealand Bill of Rights Act 1990, but this is an outcome that is consistent with Parliament's intention that publications falling under s3(2) of the Films, Videos, and Publications Classification Act 1993 are deemed to be objectionable. The classification is also a reasonable limitation on the freedom of expression that reflects the concern of a free and democratic society to limit the availability of publications that promote and support the exploitation of children for sexual purposes.
